

University of Cyprus
Civil & Environmental Engineering Department

SEMINAR SERIES SCHEDULE | Spring Semester 2012

Held bi-weekly on Wednesdays at 16:30 | Building ΧΩΔ02 Room 119, UCY New Campus

1 February 2012

Dr Vasilios Vavourakis

University of Cyprus

Finite element numerical simulation of large deformation problems in Geomechanics.

15 February 2012

Dr Panayiotis Spathis

Aristotle University of Thessaloniki

Non Destructive Testing techniques for the characterization and the diagnosis of the decay of building materials of historic monuments.

29 February 2012

Dr Charis Gantes

National Technical University of Athens

Nonlinear behavior of steel structures: Research activities and design applications.

14 March 2012

Dr Yiannis Tsompanakis

Technical University of Crete

Local site conditions and dynamic soil-structure interaction in Eurocode 8

28 March 2012

Ms Stella Kara

University College of London, UK

Air Pollution Dispersion in Urban Street Canyons: Results from recent field and laboratory experiments.

4 April 2012

Ms Xenia Loizidou

ISOTECH, Coastal Engineering

Coastal Engineering Projects and Integrated management of Coastal Zones.

ΣΥΝΔΕΣΜΟΣ
ΕΠΙΣΤΗΜΟΝΩΝ ΚΑΙ
ΜΗΧΑΝΙΚΩΝ
ΠΕΡΙΒΑΛΛΟΝΤΟΣ

 Πανεπιστήμιο
Κύπρου
