

## Mentor Programme

The Mentor Programme aims to guide about 200 University of Cyprus new alumni and students annually in order to help them prepare for their careers.

The Programme is a three-month collaboration, during two possible periods, from October to December and January to March of each year, between new alumni and students or other members of the University community. Students and other mentees may choose mentors-professionals who are willing to share their experiences and knowledge and who will advise them on developing their careers.

### **Programme Mission**

To facilitate an effective guidance relationship between experienced alumni (or other members of the University community) and new alumni and students, focusing on their academic, professional and personal progress.

### ***Who should consider joining?***

#### Mentees:

- Senior undergraduate students
- Graduate students (Master & PhD level)
- Students of ERASMUS+ Programme
- Young alumni

#### Mentors:

- Alumni (10+ years industry/academic experience)
- Members of the academic body
- Members of the administrative body (10+ years industry experience)

More information about the enrollment procedure is available on the website of the Alumni Relations Office: <http://www.ucy.ac.cy/alumni/en/mentoring-programme>

Do not hesitate to contact us for further information and guidance.
