### **POSTGRADUATE PROGRAMME PLACES FOR THE ACADEMIC YEAR 2014-2015**

The University of Cyprus announces that it will be accepting applications for the following postgraduate programmes beginning in September 2014, until March 31<sup>st</sup> 2014.

#### **1. DEPARTMENT OF ACCOUNTING AND FINANCE**

Thirty (**30**) places for the postgraduate programme leading to a Master's or a PhD degree are distributed as follows:

- 25 places at the **Master's** level in **Finance**
- 5 places at the **PhD** level in **Finance**

**For further information, please contact the Department's Secretary:**

Tel: 22 893636, 22 893605, 22 893650 Fax: 22 895030

#### **2. DEPARTMENT OF ARCHITECTURE**

Ten (**10**) places at the **PhD** level for the postgraduate programme in **Architecture**

The specializations of the programme are in the following areas:

- Architectural History and Theory
- Architectural Design and Theory
- Digital Communication Media
- Architectural Technology
- Urban Design

The candidates for the PhD programme should be graduates of a Diploma in Architecture (5 years degree) or a Master (M.A. or M.Sc.) in a domain of Philosophy, Social Science, Fine Arts, Applied Arts, Civil Engineering, Environmental Engineering, Electrical and Computer Engineering, Computer Science, Economics and Management.

**For further information, please contact the Secretary of the Department:**

Tel: 22 892980, Fax: 22 895056, e-mail: [Architecture@ucy.ac.cy](mailto:Architecture@ucy.ac.cy)

#### **3. DEPARTMENT OF BIOLOGICAL SCIENCES**

Thirty (**30**) places are available for the postgraduate programme which leads to obtaining a Master's or a PhD degree. The places are distributed as follows:

- **20** places at the **Master's level**
- **10** places at the **PhD level**

#### **Master Programs:**

Postgraduate Programme in Molecular Biology and Biomedical

- **Master's level in Molecular Biology and Biomedical**

Postgraduate Programme in Biology

- **Master's level in Biomedical Sciences**
- **Master's level in Biodiversity and Ecology**

#### **PhD Programmes:**

Ph.D in Biology

- **PhD level in Biomedical Sciences**
- **PhD level in Biodiversity and Ecology**

At the time of application, each postgraduate candidate is encouraged to contact Faculty Members with the aim of identifying a research lab for carrying out the research part of his/her studies. Consequently, each new student will have prior knowledge regarding the research lab in which he/she will carry out his/her research part of the program (applies to "Master in Biomedical Sciences", "Master in Biodiversity and Ecology" or to "PhD in Biomedical Sciences", "PhD in Biodiversity and Ecology").

## **7. DEPARTMENT OF CIVIL AND ENVIRONMENTAL ENGINEERING**

Fifty five (55) places for the postgraduate programme which leads to obtaining a Master's or a PhD degree. The places are distributed as follows:

(a) Thirty (30) places for the postgraduate programme of **Civil Engineering** are distributed as follows:

- Twenty five (25) places are available at the **Master's** level in **Civil Engineering (MSc, MEng)**
- Five (5) places are available at the **PhD** level in **Civil Engineering**.

(b) Twenty five (25) places for the postgraduate programme of **Environmental Engineering** are distributed as follows:

- Twenty **(20)** places are available at the **Master's** level in **Environmental Engineering (MSc, MEng)**
- Five **(5)** places are available at the **PhD** level in **Environmental Engineering**

## **8. DEPARTMENT OF CLASSICS AND PHILOSOPHY**

Thirteen **(13)** places for the postgraduate programme in **Classical Studies** are distributed as follows:

- **8** places at the **Master's** level
- **5** places at the **PhD** level

Applicants for entry to the Programme must hold a First or Upper Second Class Honours Degree from the University of Cyprus or any other accredited university, in Classical Studies or a related subject.

Admission is granted to a candidate who has attended an interview before a three-member committee, and who has successfully undertaken written examinations.

**For further information, please contact the Department's Secretary:**

Tel: 22 893850, Fax: 22 894491

## **9. DEPARTMENT OF COMPUTER SCIENCE**

Sixty **(60)** places are available for the postgraduate programme which leads to obtaining a Master's or a PhD degree. The places are distributed as follows:

**Master Programmes:**

- Ten **(10)** places for the ***new* Master's programme in Computer Games and Interactive Media** (with the Department of Multimedia and Graphic Arts of the Cyprus University of Technology).
- Fifteen **(15)** places for the **Master's programme in Computer Science (MCS)**. The course is designed primarily for Computer Science and other science-related graduates who seek to develop research skills and enhance their knowledge in advanced areas of Computer Science. Students who attend this program may pursue a PhD degree after their graduation.
- Ten **(10)** places for the **Master's programme in Internet Computing (MIC)**. The course is designed primarily for Computer Science and other science-related graduates who seek to deepen their knowledge on subjects like Computer Networks, Distributed Systems, and the Internet, to develop research skills in these subjects and potentially, pursue a doctoral degree after their graduation.
- Five **(5)** places for the **Master's programme in Intelligent Systems (MIntS)**. The course is designed for Computer Science and other science-related graduates who seek to deepen their knowledge in areas like Artificial Intelligence and Computational and Data Mining Systems, and to develop research skills in these subjects and potentially follow doctoral studies after their graduation.
- Ten **(10)** places for the **Professional Master's programme in Advanced Information Technologies (PM)**. The aim of the Professional Master in Advanced Information Technologies is

to help Information Technology Professionals to extend and update their knowledge in Advanced Computer Technologies and to acquire up-to-date know-how in subjects related to the national Information Technology industry like Software Engineering, the Internet and Intelligent Systems.

### **PhD Programmes:**

- Ten **(10) places** are available at the **PhD level**. The main research interests of the Department's staff are: Artificial Intelligence, Computer Architecture, Computers Networks, Databases, Digital Signal and Image Processing, Distributed and Parallel Computing, Graphics and Virtual Reality, Grid Computing, Internet Technologies, Mobile Computing, Multimedia, Software Engineering, Theoretical Computer Science.

Further information for the Department's research activities can be obtained from the Department's website [www.cs.ucy.ac.cy](http://www.cs.ucy.ac.cy).

The minimum qualifications required in order to apply, are a recognized University Degree in Computer Science or in a related field from an accredited Institution with an overall grade of "Very Good." The selection process will consider the academic standing and achievement of the candidate, especially for the courses related to Computer Science, reference letters, and any professional or personal interview should this be deemed necessary.

### **PhD Programmes:**

(a) Five (5) places at the **PhD** level in **English Literature and Comparative Cultural Studies** which leads to a PhD degree in the above mentioned area. Candidates are advised to consult the specific research interests of the programme faculty in their respective research pages <http://www.ucy.ac.cy/eng/en/research/20-en-articles/en-topm/8-research>

(b) One (1) place at the **PhD** level in **Translation Studies** which leads to a PhD degree in the above mentioned area. More specifically, places are announced in the following areas:

- Literary Translation
- Translation Theory and Methodology
- Translation Pedagogy
- Cultural Specifics in Translation
- Text Linguistics Approaches to Translation
- Ideology and Ethics in Translation
- News Translation
- Translation and Canon Formation

(c) Six (6) places at the **PhD** level in **Linguistics** which leads to a PhD degree in the follow areas:

- syntax and morphology of English: with a generative focus
- comparative syntax: English–Greek
- cross-linguistic distribution/feature make-up of grammatical categories
- nature and (non-)universality of grammatical categories
- theoretical issues in language acquisition and change
- first language acquisition: generative morphosyntax
- second language acquisition: generative morphosyntax
- multilingualism: generative morphosyntax and/or acquisition
- comparative bilingualism: language proximity/distance
- developmental language impairments: generative morphosyntax
- acquired language disorders: generative morphosyntax
- comparative biolinguistics: disorders, genetics, and/or language faculty

Candidates for PhD Programmes must hold a Master's degree in a discipline related to their proposed area of research. They are also expected to have a high level of competence in spoken and written English.

Applications for the PhD Programme must include a Copy of MA Thesis and three recommendation letters from academic faculty. **The applications and all documents must be submitted in English.**

## **17. DEPARTMENT OF MATHEMATICS AND STATISTICS**

Fifty four (**54**) places are available for the postgraduate programme which leads to obtaining a Master's or a PhD degree. The places are distributed as follows:

### **Programmes at the Master level: (36)**

- 12 places for the Master's degree in **Applied Statistics**
- 12 places for the Master's degree in **Applied Mathematics**
- 12 places for the Master's degree in **Pure Mathematics**

### **Programmes at the PhD level: (13)**

#### **PhD in Statistics**

- 5 places for the PhD degree in **Statistics**

#### **PhD in Mathematics**

- 4 places for the PhD degree in **Applied Mathematics**
- 4 places for the PhD degree in **Pure Mathematics**

## **DEPARTMENT OF MATHEMATICS AND STATISTICS AND DEPARTMENT OF MATHEMATICS OF THE UNIVERSITY OF POITIERS FRANCE**

- 5 places for the **Master's** degree in **Mathematics**

The programme is offered in co-operation with the Department of Mathematics of the University of Poitiers, France. Every student will attend courses in his/her own University and at least one semester to the other University. Knowledge of the French language is not necessary. However, those students that have good knowledge of French could attend more semesters in France and vice-versa.

The degrees are awarded by both Universities and are signed by both Rectors.

## **18. DEPARTMENT OF MECHANICAL AND MANUFACTURING ENGINEERING**

Twenty four (**24**) places are available for the postgraduate programme which leads to obtaining a Master's or a PhD degree. The places are distributed as follows:

- (a) Sixteen (**16**) places for the Postgraduate Programme in Mechanical and Manufacturing Engineering:

- Eight (8) places at a **Master's** level in **Mechanical and Manufacturing Engineering**
- Eight (8) places at a **PhD** level in **Mechanical and Manufacturing Engineering**

### **Research Areas**

- Biomedical and Biotechnology Engineering
- Computational Mechanics of Solid and Fluids
- Design, Manufacturing, Automation and Robotics
- Energy Systems
- Mechanical Systems Modelling and Controls
- Micro- and Nano-Technology

(b) Eight (8) places for the postgraduate Programme in Materials Science and Technology

- Four (4) places at a **Master's level in Materials Science and Technology**
- Four (4) places at a **PhD level in Materials Science and Technology**

An one-year scholarships (3500 Euros) will be offered to the best full-time candidate admitted in the postgraduate Ph.D. programme based on academic merit and financial need (depending on availability of funds). If you are interested to be considered for the scholarship you should state it on Page 5 of the application form (13. Additional Information).

## **19. DEPARTMENT OF PHYSICS**

Fifty (50) places are available for the postgraduate programme which leads to obtaining a Master's or a PhD degree. The places are distributed as follows:

(a) Twenty (20) places for the postgraduate programme in **Physics** are distributed as follows:

- 12 places at the **Master's** level
- 8 places at the **PhD** level

The research interests of the Departmental staff are:

- Gravitation and Cosmology
- Theoretical and Experimental Nuclear Physics
- Theoretical and Experimental High Energy Particle Physics
- Photonics, Lasers and Optoelectronics
- Theoretical and Experimental Condensed Matter Physics
- Theoretical and Computational Biophysics

- (b) Thirty (30) places for the postgraduate programme “**Master’s Degree in Foundations of Physics**”. This programme is primarily addressed to Physics graduates who wish to study further current developments in Physics. Reference letters should originate from persons who are familiar with the studies and/or the professional profile or other work of the candidate.
