

Andrea Christofides

Email: christofides.andrea@ucy.ac.cy

Tel: +357 22 892809

2006-2009 B.Sc. Biological Sciences (Genetics), University of Birmingham, UK

2009-2010 M.Sc. Human Molecular Genetics, Imperial College London, UK

2011-Present PhD student, Department of Biological Sciences, University of
Cyprus, Nicosia

Research Topics and Interests:

- MicroRNA function in renal diseases
- Transcriptional regulation by miRNAs
- Molecular genetics of Medullary Cystic Kidney Disease type 1 (MCKD1)
- Urine miRNAs as non-invasive biomarkers of disease progression in MCKD1
- Genetic and Genomic counselling
