UCY actively participates in 67 university networks/associations at both European and international levels.

STUDENT LIFE

UCY and International Rankings 2020

UCY has 251 Bilateral Agreements of Cooperation with universities and research centres in Europe, America, Africa, Australia, the Middle East, Asia and Cyprus.

UCY actively participates in 67 university networks/associations at both European and international levels.

UCY has 251 Bilateral Agreements of Cooperation with universities and research centres in Europe, America, Africa, Australia, the Middle East, Asia and Cyprus.

UCY actively participates in 67 university networks/associations at both European and international levels.
UCY currently functions under 8 faculties and 22 departments, offering a range of developments. Based in the capital of Cyprus, Nicosia, UCY is globally networked and actively contributes to European and international scientific networks. UCY was the first university to be established on the island, in 1989, accepting its first students in 1992. UCY envisions an ethical future as a leading beacon of science and creativity, aiming to serve humanity through the creative and persistent efforts of highly motivated students, high-achieving young researchers and distinguished academics. Aspiring to function as a beacon of science and creativity, UCY envisions an ethical future as a leading institution in the greater Euro-Mediterranean area.

UCY was the first university to be established on the island, in 1989, accepting its first students in 1992. Based in the capital of Cyprus, Nicosia, UCY is globally networked and actively contributes to European and international scientific networks. UCY currently functions under 8 faculties and 22 departments, offering a range of undergraduate and graduate programmes, and 97 postgraduate programmes (at both Master and PhD levels). All programmes of academic study function under the European Credit Transfer System (ECTS), furtherawards the Diploma Supplement with a DS Label.

UCY pursues excellence in education, research and innovation through the creative and persistent efforts of highly motivated students, high-achieving young researchers and distinguished academics. Aspiring to function as a beacon of science and creativity, UCY envisions an ethical future as a leading institution in the greater Euro-Mediterranean area.

UCY runs 22 Marie Skłodowska-Curie projects funded under Horizon 2020. UCY has successfully implemented 57 research projects funded by the Cyprus Research and Innovation Foundation, with a total budget exceeding €8.8 million.

UCY has a 14 Research Units and Centers, covering a broad spectrum within the life, social, natural and engineering sciences.

UCY currently functions under 8 faculties and 22 departments, offering a range of 29 undergraduate programmes, and 97 postgraduate programmes (at both Master and PhD levels). All programmes of academic study function under the European Credit Transfer System (ECTS), furtherawards the Diploma Supplement with a DS Label.

All programmes of academic study function under the European Credit Transfer System (ECTS), furtherawards the Diploma Supplement with a DS Label.

UCY received the highest number of ERC grants in Cyprus since the establishment of the European Research Council in 2007. More specifically, it was awarded 5 Starting Grants, 2 Consolidator Grants, 2 Advanced Grants and 6 Proof of Concept Grants (FP7 and FP8). Those numbers are very impressive due to the fact that ERC funds only top researchers in Europe with excellence as the sole criterion for selection, helping them pursue great ideas tomorrow.
