

University of Cyprus  
Department of Turkish and  
Middle Eastern Studies

### **Timely Submission of PhD dissertation**

In order to organize better the process of defence of postgraduate theses at the Doctoral level, the Department sets specific deadlines for the submission of those theses to the Department Secretariat. In each case, the Department Board must be given the necessary time to designate the members of the Examination Committees, and those members must be given adequate time to read the thesis.

- The defence of Doctoral dissertations is conducted before a five-member Examination Committee, consisting of the dissertation supervisor and four other members, designated by the Department Board, following the recommendation of the Department's Graduate Studies Committee.

#### **PhD dissertation submission**

**FALL SEMESTER:** 30 September [graduation: February]

**SPRING SEMESTER:** 28 February [graduation: June]
