

## Archery

Aiming at introducing more sports and activities to the community of the University of Cyprus, The Sports center offers for 3rd year the sport of archery.

To increase the interest in archery in the community of University the following activities are programmed:

- Courses of sport learning (technical, tactic and regulations) by experienced trainer using the sport facilities of the University of Cyprus.
- Internal tournaments that all the members of the University community may take part in.
- The organization of the tournaments depends on the amount of participants.
