Workshop on Meta-analysis

Introduction to Meta-analysis

“Introduction to Meta-analysis” is an interactive workshop that will educate and train the participants on concepts and principles of systematic reviews and meta-analyses.

The workshop aims at helping the participants develop the necessary skills so as to make an appropriate use of meta-analytic methods.

- The workshop “Introduction to Meta-analysis” will take place between 8-10 December 2017 at the Computers Laboratory of the Medical School, University of Cyprus, Nicosia, Cyprus.
- No participation fees will be charged.
- People who are interested in taking part in the workshop are kindly requested to e-mail a very short CV (max 100 words), which should include their name and telephone number, to Katerina Pantavou (pantavou.katerina@ucy.ac.cy) by November 30th 2017. The participants will be notified by an e-mail if they are accepted to attend the workshop.
- The number of places cannot exceed 20. People of the target audience (in order of priority) who are interested in participating will be selected on a “first-come, first-served” basis.
- People who will be notified that they are eligible to participate should register for the workshop on the first day (Friday 8 December 2017, registration time 16:00 - 17:00).
- The Cyprus Medical Association (CyMA) grants 13 Continuing Medical Education (CME) credits to the workshop participants.
- Certificates of attendance will be available to those who will participate in the workshop.

The workshop is intended for (in order of priority):

Physicians, undergraduate medical students in clinical years of training, other health professionals and scholars, undergraduate and graduate (MSc) students, and PhD candidates.
